

REMARKS

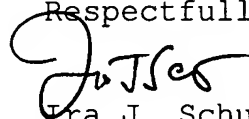

A post-allowance review of this application located minor errors in the terminology in claims 3 and 10.

In claim 3, "fluorescent member" has been changed to "fluorescent material" in accordance with the corresponding antecedent language in claim 1.

In claim 10, the dependency has been changed to claim 9, which provides antecedent basis for the term "cover member assembly."

Applicants submit that the requested amendments require no further consideration or search.

Respectfully submitted,
